

*Attn: Classroom & Music Teachers*

This year at the V-Drum Festival, educators and teachers have an opportunity for a one-on-one session with world-class percussion educator, Gary France.

Gary France is an extraordinary combination of performer, presenter and educator and has agreed to take time out of his busy schedule to be on hand at the V-Drum Festival. He can offer fantastic advice for all teachers, regardless of your experience or knowledge of percussion programs.

Don't miss this opportunity to discuss your individual classroom needs with one of the most experienced percussion educators in the world.
