THE JACKAL

Band and Jamie Oehlers kept the mature aged troops entertained on a night that had touches of political diatribing but not as much controversy as we've seen in the past. Perhaps people behaved more in an up market atmosphere. It's believed, however, that several rooms in the Langley rocked on till the early hours with mini bars left in severe need of replenishment.

The Jackals pretty much scooped the pool in the rock categories to cap off what's been a busy year of advancement for them. Otherwise the winners were pretty varied. Congratulations to them all ...
