A FUN ENVIRONMENTAL ROTARY FUNDRAISING PROJECT

Maxine the Plalker's Testimonial

"I never thought a simple walk could make such a difference—until I started Plalkin'! With my Plalkin' My World kit, I turn every stroll into a mini cleanup adventure. It's easy, keeps me active, and feels good.

I love taking my owners for walkies and cleaning up the neighbourhood while we're at it.

People stop and ask what we're doing, and soon they're eager to join in!

If your Rotary Club is looking for a fun, environmental project that is an awesome fundraiser, Plalkin' My World is perfect!

Grab some kits, get them into local hands, and watch the impact grow."

Gary the Plalker's Testimonial

"As someone who cares deeply about the environment, I've always looked for ways to reduce waste. I love using my Plalkin' My World kit to pick up small bits of plastic, bottle tops, pieces of fabric (shredded by the mower), and even cigarette butts before they can make their way into our drinking water.

The Plalkin' stick is perfect for those smaller, harder-to-reach items.

It's a simple way to make a real impact while staying active. I've even inspired my neighbours to join in! If your club is looking for an easy environmental project, Plalkin' is a fantastic opportunity." 'Plalkin's the new Walkin'!'
